How you can spend \$50.00 and save your local economy

68

Think about this, for every \$100 spent in a locally owned business \$68.00 returns to our community through taxes, payroll, and other expenditures.

50

It starts with \$50. If just 1/2 of the employed U.S. population spent \$50 each month in local businesses, their purchases would generate more than \$42.6 billion in revenue.

3

Which three businesses would you miss the most? Stop in and say hello, pick up a little something and help keep you favorite shops around.

1

One. It starts with one person making the decision to create a movement. The one person is you and your choice to shop locally will make a difference.
