YARD WASTE SITE

Misuse of the site has resulted in monitoring of the site and if continues then Permanent Closure of the site will be the only alternative. The yard waste site is open for the convenience of Village residents for Brush, Twigs, Leaves, and Grass Clippings ONLY. **No Mattresses, Appliances, furniture, etc.** Please call the Public Works Building if you have questions.

BRUSH PILES-Brush Piles **cannot** accumulate on lawns. Need to take your brush piles/branches to the brush site. ONLY BRUSH, TWIGS, LEAVES, and GRASS CLIPPINGS go to the site. NO OTHER WOOD such as cupboards, tables, etc.! You need to dispose of with Express Disposal or when we have roll off bins!

HYDRANT FLUSHING- the Public Works Department will be Flushing hydrants **June 27-28th!** The time of flushing will be between the hours of 7a.m. and 4:00p.m. Monday through Friday. The flushing of the hydrants opens the hydrants and cleans out the chemical and mineral deposits in the water mains and insures that each hydrant is functioning properly for fire protection purposes. If water is drawn into the house or business plumbing during, or soon after hydrants in the area have been opened, it may include dislodged materials and look discolored. It is not harmful but could cause laundry stains. If such discolored water is drawn into the property, it can be cleared by opening the water taps nearest the water meter to full flow until the water runs clear. If you have any special situations that might be affected by water main flushing or questions, please contact the Public Works Department.
